REBELS FORCED TO CONFESS

Nogales, Ariz., May 27.—The case against seven Mexicans arrested here last week on charges of conspiracy against the Sonora state government was dismissed today in the United States commissioner's court. Jose Manuel, a Mexican-American arrested at Nogales, Sonora, was allowed by the Mexican authorities to cross to the Arizona side to testify. Manuel declared that his written confession implicating those arrested here had been forced on threat of death. According to the confession of Manuel, he had been employed to assist in passing arms, ammunition and petroleum from the Arizona to the Sonora side with which an expedition was to have been organized to take possession of the state government by cutting railways. His confession implicated others who were arrested by the United States authorities in Arizona.
